*Ironhand* Jun 18 2022 'Edie,' said George, 'we're going to do this together. I'll be right there with you. Anything, anyone trying to get you is going to have to come past me first.' But when George makes his promise he is not aware that high on the rooftops an unseen gargoyle is watching them hungrily, quivering with anticipation for the moment when it will unfold its stone wings and pounce. The thing on the roof knows that nothing is over; nothing is finished. *Ironhand* takes us deeper into the layers of un-London, the place where the good and the bad statues, the spits and the taints, walk and war. George and Edie must repay the debt which they owe the Gunner for his sacrifice. They must face unspeakable danger and doubt if they are to save him. This second title in the Stoneheart sequence by Charlie Fletcher will shake you with its imaginative grasp and vision. It is an epic excitement, not to be missed ...

*America Calling* Feb 26 2023 The telephone looms large in our lives, as ever present in modern societies as cars and television. Claude Fischer presents the first social history of this vital but little-studied technology—how we encountered, tested, and ultimately embraced it with enthusiasm. Using telephone ads, oral histories, telephone industry correspondence, and statistical data, Fischer's work is a colorful exploration of how, when, and why Americans started communicating in this radically new manner. Studying three California communities, Fischer uncovers how the telephone became integrated into the private worlds and community activities of average Americans in the first decades of this century. Women were especially avid in their use, a phenomenon which the industry first vigorously discouraged and then later wholeheartedly promoted. Again and again Fischer finds that the telephone supported a wide-ranging network of social relations and played a crucial role in community life, especially for women, from organizing children's relationships and church activities to alleviating the loneliness and boredom of rural life. Deftly written and meticulously researched, *America Calling* adds an important new chapter to the social history of our nation and illuminates a fundamental aspect of cultural modernism that is integral to contemporary life.

**Tacky** Aug 20 2022 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the *Catapult* column "Store-Bought Is Fine" *Tacky* is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, *Sex and the City*, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little

too much with clarity, heartfelt honesty, and Rax King's trademark humor. A VINTAGE ORIGINAL

Arranged according to the meaning of words, the work contains more than 1,000 groupings of synonyms from the principal Indo-European languages. Buck first tabulates the words describing a particular concept and then discusses their etymological and semantic history, tracing changes in meaning of the root words as well as presenting cases indicating which of the older forms have been replaced by expressions of colloquial or foreign origin.
