Un avvincente racconto, che ha origine in Istria a Gimino a partire dal 1905, vede protagoniste una donna e, in seguito, la propria figlia in un contesto storico sempre più drammatico... Dai territori della Venezia Giulia e Trieste lungo l'Italia fino in Puglia e a Roma, la difficile vita delle due donne si intreccerà con quella di una famiglia romana. Il racconto dei protagonisti integrato alle vicende e ai personaggi storici realmente esistiti si saldano in un tutt'uno con il significato molteplice del termine "Redenzione" nelle varie vicissitudini fino alla fine della storia. I tragici scenari di Trieste, della Venezia Giulia e dell'Italia in una Europa in fiamme costituiscono la cornice del racconto specialmente dal 1938 al 1954: le leggi razziali, le persecuzioni, l'occupazione nazista e jugoslava di Trieste, l'esodo Giuliano Dalmata, le foibe, l'amministrazione anglo-americana di Trieste, la rivolta del 1953 di Trieste e il suo ritorno definitivo all'Italia nel 1954. In un'Italia democratica e repubblicana che si stava riscattando e ricostruendo, la storia terminerà nel 1957 a Roma dopo varie vicende che vedono i protagonisti del racconto affrontare le molteplici asperità delle loro vite. Un coinvolgente racconto di una madre e una figlia nel contesto storico di Trieste, della Venezia Giulia e dell'Italia tra il 1905 – 1957. Il Dono che Guarisce pubblicato congiuntamente dallo United Network for Organ Sharing (www.unos.org) e dalla Nicholas Green Foundation (www.nicholasgreen.org). È stato scritto da Reg Green, il papà di Nicholas, il bambino Californiano che fu ucciso durante una tentata rapina mentre era in vacanza con la famiglia in Italia. La storia catturò l'attenzione del mondo intero

quando Reg e sua moglie Maggie donarono gli organi e le cornee del figlio a sette Italiani. Lo United Network for Organ Sharing (UNOS) l'organizzazione no-profit che gestisce il sistema della donazione degli organi negli Stati Uniti e che focalizzata nel far crescere la donazione degli organi attraverso la tecnologia, l'educazione e la ricerca. ----- Le storie di questo libro parlano della vita che emerge dalla morte. Un ufficiale di polizia, dato per spacciato sotto una scarica di proiettili, pu di nuovo giocare a golf e pescare; una donna i cui polmoni erano cos malridotti da dover dipendere dallossigeno, ha scalato 1500 metri fino alla sommit del famoso Half Dome in California portandosi dietro uno zaino di 11 chili; un uomo che stava lottando per la vita diventato campione Olimpico. Da un lato, queste storie raccontano di trapianti di organi e tessuti umani che hanno salvato delle vite e, dall'altro, parlano dell'altruismo, che fonte di ispirazione, delle famiglie che li hanno donati nel momento pi buio della loro vita.

----- Andrea Scarabelli, laureato in Economia e Commercio presso l'Universit 'La Sapienza' di Roma, era uno studente di 21 anni quando Nicholas Green fu ucciso. Come milioni di altre persone, rimase profondamentecolpito dalla tragedia, quindiispirato dalla decisione dei Green. Da allora diventato un amico intimo della famiglia ed ha lavorato a molti progetti insieme a loro, incluse traduzioni - per giornali, siti web, Televisioni nazionali, per accrescere la consapevolezza della scarsit degli organi donati. A cinque anni, Brian scappa di casa, stanco delle continue violenze a cui è sottoposto. Viene adottato da una famiglia che lo amerà come merita e conosce Emily, la figlia dei vicini. I due crescono insieme e tra loro nasce una forte amicizia che per lui diventa qualcosa di più e lo capirà soltanto quando forse sarà troppo tardi. Emily, infatti, per la prima volta, si interessa a un misterioso ragazzo. La gelosia di lui e un passato scomodo che ritorna, scombusoleranno la vita dei due giovani, forse troppo inesperti per gestire la grandezza dei loro sentimenti. Tra mille difficoltà, riusciranno a rimanere uniti? In the aftermath of the First World War, the seeds of fascism were sown in Italy. While the country reeled in shock, a new movement emerged from the chaos: one that preached hatred for politicians and love for the fatherland; one that promised to build a 'New Roman Empire', and make Italy a great power again. Wearing black shirts and wielding guns, knives and truncheons, the proponents of fascism embraced a climate of violence and rampant masculinity. Led by Mussolini, they would systematically destroy the organisations of the left, murdering and torturing anyone who got in their way. In Blood and Power, historian John Foot draws on decades of research to chart the turbulent years between 1915 and 1945, and beyond. Using the accounts of real people – fascists, anti-fascists, communists, anarchists, victims, perpetrators and bystanders – he tells the story of fascism and its legacy, which still, disturbingly, reverberates to this day. Foxling Toka has served the Soldati king for centuries, and now he attends to the kingdom's cherished Soldati prince. It's a position of honor, and as Toka helps the once-human prince adapt to their magical realm, he finds joy in their friendship. He also grows bolder in his encounters with Rayner, Soldati warrior and the king's second. But the laws are clear: servants and Soldati are not permitted to mate. It doesn't matter that Toka lost his heart to the dashing cad long ago. Rayner never imagined he would fall in love with a servant, but the clever and beautiful foxling has ensnared him, and he resents the regulations keeping them apart. When an arrogant and spiteful king visits from a neighboring realm, Rayner is in danger of losing everything. But Soldati warriors don't

surrender, and he intends to fight all the harder to keep Toka where he belongs—in Rayner's arms. By turns subversive and darkly comic, brutal and tender, Ron Leshem's debut novel is an international literary sensation, winner of Israel's top award for literature and the basis for a prizewinning film. Charged with brilliance and daring, hypnotic in its intensity, Beaufort is at once a searing coming-of-age story and a novel for our times—one of the most powerful, visceral portraits of the horror, camaraderie, and absurdity of war in modern fiction. Beaufort. To the handful of Israeli soldiers occupying the ancient crusader fortress, it is a little slice of hell—a forbidding, fear-soaked enclave perched atop two acres of land in southern Lebanon, surrounded by an enemy they cannot see. And to the thirteen young men in his command, Twenty-one-year-old Lieutenant Liraz "Erez" Liberti is a taskmaster, confessor, and the only hope in the face of attacks that come out of nowhere and missions seemingly designed to get them all killed. All around them, tension crackles in the air. Long stretches of boredom and black humor are punctuated by flashes of terror. And the threat of death is constant. But in their stony haven, Erez and his soldiers have created their own little world, their own rules, their own language. And here Erez listens to his men build castles out of words, telling stories, telling lies, talking incessantly of women, sex, and dead comrades. Until, in the final days of the occupation, Erez and his squad of fed-up, pissed-off, frightened young soldiers are given one last order: a mission that will shatter all remaining illusions—and stand as a testament to the universal, gut-wrenching futility of war. The basis for the Academy Award-nominated film of the same name. Along the way, he will face his fears to unlock the secrets of his past and explore the unfathomable mysteries of the world around him. R. J. Palacio spins a harrowing yet distinctly beautiful coming-of-age story about the power of love and the ties that bind us across distance and time. With the poignant depth of War Horse and the singular voice of True Grit, this is one of those rare books poised to become an instant classic for readers of all ages. "A wonderful story of courage. ... It's got the feeling of a modern classic." —as recommended on NPR by Jorge Lacera FEATURING A BRAND NEW STORY "What's special about 'Cat Person,' and the rest of the stories in You Know You Want This, is the author's expert control of language, character, story—her ability to write stories that feel told, and yet so unpretentious and accessible that we think they must be true." —The New York Times Book Review "Kristen Roupenian isn't just an uncannily great writer, she also knows things about the human psyche—things that I always supposed I would learn at some point, but never did...The world has made a lot more sense since reading this book." —Miranda July, New York Times bestselling author "If you think you know what this collection will be like, you're wrong. These stories are sharp and perverse, dark and bizarre, unrelenting and utterly bananas. I love them so, so much." —Carmen Maria Machado, National Book Award Finalist and author of Her Body and Other Parties A compulsively readable collection of short stories that explore the complex—and often darkly funny—connections between gender, sex, and power across genres. Previously published as You Know You Want This, "Cat Person" and Other Stories brilliantly

explores the ways in which women are horrifying as much as it captures the horrors that are done to them. Among its pages are a couple who becomes obsessed with their friend hearing them have sex, then seeing them have sex...until they can't have sex without him; a ten-year-old whose birthday party takes a sinister turn when she wishes for "something mean"; a woman who finds a book of spells half hidden at the library and summons her heart's desire: a nameless, naked man; and a self-proclaimed "biter" who dreams of sneaking up behind and sinking her teeth into a green-eyed, long-haired, pink-cheeked coworker. Spanning a range of genres and topics—from the mundane to the murderous and supernatural—these are stories about sex and punishment, guilt and anger, the pleasure and terror of inflicting and experiencing pain. These stories fascinate and repel, revolt and arouse, scare and delight in equal measure. And, as a collection, they point a finger at you, daring you to feel uncomfortable—or worse, understood—as if to say, "You want this, right? You know you want this." A moving portrait of Africa from Poland's most celebrated foreign correspondent - a masterpiece from a modern master. Famous for being in the wrong places at just the right times, Ryszard Kapuscinski arrived in Africa in 1957, at the beginning of the end of colonial rule - the "sometimes dramatic and painful, sometimes enjoyable and jubilant" rebirth of a continent. *The Shadow of the Sun* sums up the author's experiences ("the record of a 40-year marriage") in this place that became the central obsession of his remarkable career. From the hopeful years of independence through the bloody disintegration of places like Nigeria, Rwanda and Angola, Kapuscinski recounts great social and political changes through the prism of the ordinary African. He examines the rough-and-ready physical world and identifies the true geography of Africa: a little-understood spiritual universe, an African way of being. He looks also at Africa in the wake of two epoch-making changes: the arrival of AIDS and the definitive departure of the white man. Kapuscinski's rare humanity invests his subjects with a grandeur and a dignity unmatched by any other writer on the Third World, and his unique ability to discern the universal in the particular has never been more powerfully displayed than in this work. Feminist writing has emerged in recent years as a major influence of twentieth-century European literature. *Textual Liberation*, first published in 1991, provides a timely and wide-ranging survey of twentieth-century feminist writing in Europe, presenting texts from a number of countries and highlighting some of the transnational parallels and contrasts. The contributors emphasize the wider contexts- political, social, economic- in which the texts were produced. They cover feminist literature in Britain, Scandinavia, Germany, Eastern Europe, Russia, France, Spain, Italy, and Turkey, and consider a range of genres, including the novel, poetry, drama, essays, and journalism. Each chapter contains an extensive bibliography with special emphasis on material available in English. A stimulating introduction to the development of European feminist writing, *Textual Liberation* will be an invaluable resource for students of women's literature, women's studies, and feminism. It had never been done before. Not in 4000 years of Japanese recorded history had anyone followed the Cherry Blossom Front from one end of the country to the other. Nor had anyone hitchhiked the length of Japan. But, heady on sakura and sake, Will Ferguson bet he could do both. The resulting travelogue is one of the funniest and most illuminating books ever written about Japan. And, as Ferguson learns, it illustrates that to travel is better than to arrive. When Maisie is struck by lightning, her face is partially destroyed. She's lucky enough to get a face transplant, but how do you live your life when you can't even recognize yourself any more? She was a runner, a girlfriend, a good student ... a normal girl. Now, after a single freak accident, all that has changed. As Maisie discovers how much her looks did and didn't shape her relationship to the world, she has to redefine her own identity, and figure out what 'lucky' really means. "Susan Vreeland set a high standard with *Girl in Hyacinth Blue*.... *The Passion of Artemisia* is even better.... Vreeland's unsentimental prose turns the factual *Artemisia* into a fictional heroine you

won't soon forget." —People A true-to-life novel of one of the few female post-Renaissance painters to achieve fame during her own era against great struggle. Artemisia Gentileschi led a remarkably "modern" life. Vreeland tells Artemisia's captivating story, beginning with her public humiliation in a rape trial at the age of eighteen, and continuing through her father's betrayal, her marriage of convenience, motherhood, and growing fame as an artist. Set against the glorious backdrops of Rome, Florence, Genoa, and Naples, inhabited by historical characters such as Galileo and Cosimo de' Medici II, and filled with rich details about life as a seventeenth-century painter, Vreeland creates an inspiring story about one woman's lifelong struggle to reconcile career and family, passion and genius. #1 NEW YORK TIMES BESTSELLER • We all have dreams—things we fantasize about doing and generally never get around to. This is the story of Azar Nafisi's dream and of the nightmare that made it come true. For two years before she left Iran in 1997, Nafisi gathered seven young women at her house every Thursday morning to read and discuss forbidden works of Western literature. They were all former students whom she had taught at university. Some came from conservative and religious families, others were progressive and secular; several had spent time in jail. They were shy and uncomfortable at first, unaccustomed to being asked to speak their minds, but soon they began to open up and to speak more freely, not only about the novels they were reading but also about themselves, their dreams and disappointments. Their stories intertwined with those they were reading—*Pride and Prejudice*, *Washington Square*, *Daisy Miller* and *Lolita*—their *Lolita*, as they imagined her in Tehran. Nafisi's account flashes back to the early days of the revolution, when she first started teaching at the University of Tehran amid the swirl of protests and demonstrations. In those frenetic days, the students took control of the university, expelled faculty members and purged the curriculum. When a radical Islamist in Nafisi's class questioned her decision to teach *The Great Gatsby*, which he saw as an immoral work that preached falsehoods of "the Great Satan," she decided to let him put *Gatsby* on trial and stood as the sole witness for the defense. Azar Nafisi's luminous tale offers a fascinating portrait of the Iran-Iraq war viewed from Tehran and gives us a rare glimpse, from the inside, of women's lives in revolutionary Iran. It is a work of great passion and poetic beauty, written with a startlingly original voice. Praise for *Reading Lolita in Tehran* "Anyone who has ever belonged to a book group must read this book. Azar Nafisi takes us into the vivid lives of eight women who must meet in secret to explore the forbidden fiction of the West. It is at once a celebration of the power of the novel and a cry of outrage at the reality in which these women are trapped. The ayatollahs don't know it, but Nafisi is one of the heroes of the Islamic Republic."—Geraldine Brooks, author of *Nine Parts of Desire* Soon to be a major Amazon film directed by George Clooney and starring Ben Affleck, Tye Sheridan, Lily Rabe, and Christopher Lloyd, a raucous, poignant, luminously written memoir about a boy striving to become a man, and his romance with a bar, in the tradition of *This Boy's Life* and *The Liar's Club*. J.R. Moehringer grew up captivated by a voice. It was the voice of his father, a New York City disc jockey who vanished before J.R. spoke his first word. Sitting on the stoop, pressing an ear to the radio, J.R. would strain to hear in that plummy baritone the secrets of masculinity and identity. Though J.R.'s mother was his world, his rock, he craved something more, something faintly and hauntingly audible only in *The Voice*. At eight years old, suddenly unable to find *The Voice* on the radio, J.R. turned in desperation to the bar on the corner, where he found a rousing chorus of new voices. The alphas along the bar—including J.R.'s Uncle Charlie, a Humphrey Bogart look-alike; Colt, a Yogi Berra sound-alike; and Joey D, a softhearted brawler—took J.R. to the beach, to ballgames, and ultimately into their circle. They taught J.R., tended him, and provided a kind of fathering-by-committee. Torn between the stirring example of his mother and the lurid romance of the bar, J.R. tried to forge a self somewhere in the center. But when it was time for J.R. to leave home, the bar became an increasingly seductive sanctuary,

a place to return and regroup during his picaresque journeys. Time and again the bar offered shelter from failure, rejection, heartbreak—and eventually from reality. In the grand tradition of landmark memoirs, *The Tender Bar* is suspenseful, wrenching, and achingly funny. A classic American story of self-invention and escape, of the fierce love between a single mother and an only son, it's also a moving portrait of one boy's struggle to become a man, and an unforgettable depiction of how men remain, at heart, lost boys. Named a best book of the year by *The New York Times*, *Esquire*, *The Los Angeles Times Book Review*, *Entertainment Weekly*, *USA Today*, NPR's "Fresh Air," and *New York Magazine* *A New York Times*, *Los Angeles Times*, *Wall Street Journal*, *San Francisco Chronicle*, *USA Today*, *Booksense*, and *Library Journal* Bestseller *Booksense Pick Borders New Voices Finalist Winner of the Books for a Better Life First Book Award NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE •* A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (*San Francisco Chronicle*). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*. The protagonist of Tobias Wolff's shrewdly—and at times devastatingly—observed first novel is a boy at an elite prep school in 1960. He is an outsider who has learned to mimic the negligent manner of his more privileged classmates. Like many of them, he wants more than anything on earth to become a writer. But to do that he must first learn to tell the truth about himself. The agency of revelation is the school literary contest, whose winner will be awarded an audience with the most legendary writer of his time. As the fever of competition infects the boy and his classmates, fraying alliances, exposing weaknesses, *Old School* explores the ensuing deceptions and betrayals with an unblinking eye and a bottomless store of empathy. The result is further evidence that Wolff is an authentic American master. I am not a liar or a thief or a criminal. At least, not anymore. But here I am doing the things that I promised myself I would never do again. Nicholas Crawford made me an offer I couldn't refuse. He is dangerous and damaged but so am I. Our relationship is an addiction that we have to feed. Now, things are about to get even more complicated. Allegiances will be tested. Lies will be told. Truths will be revealed. We have both made promises that we can't keep. The secrets we have uncovered only scratch the surface, and I'm afraid to find out what lies below. All is not what it seems but I have to figure out the truth before it's too late. Dive into the decadent and delicious 3rd book of the new and addictive *Tell Me* series by bestselling author Charlotte Byrd.

In questo saggio emerge la critica letteraria e di costume di Giuseppe

Marotta (Napoli 1902 - ivi 1963), il famoso autore de "L'oro di Napoli". Marotta redige un elenco di scrittori per lui maggiori e minori della letteratura italiana, condannando i metodi della critica accademica. Inoltre affronta anche tematiche sociali, tra le quali sono da ricordare: la parità dei sessi, contro la violenza delle donne, i diritti degli omosessuali, il calcio, la mala sanità, la politica, la stampa, il senso della vita, la fede, l'ateismo. Introduction by Kevin Baker The Natural, Bernard Malamud's first novel, published in 1952, is also the first—and some would say still the best—novel ever written about baseball. In it Malamud, usually appreciated for his unerring portrayals of postwar Jewish life, took on very different material—the story of a superbly gifted "natural" at play in the fields of the old daylight baseball era—and invested it with the hardscrabble poetry, at once grand and altogether believable, that runs through all his best work. Four decades later, Alfred Kazin's comment still holds true: "Malamud has done something which—now that he has done it!—looks as if we have been waiting for it all our lives. He has really raised the whole passion and craziness and fanaticism of baseball as a popular spectacle to its ordained place in mythology."
